VISUALIZE

What do you “Visualize?”

As we explore the weekly themes during our capital campaign, **Visualize** what God could do through CLC when we move beyond our annual debt service of \$152,772 per year. *Dream* about what ministry and mission would look like then. *Envision* the ways our ministry and congregation will grow in Highlands Ranch and far beyond Colorado. *Have hope* for what will happen when we go beyond our fears and take risks to share God’s love with each other and strangers in exciting new ways. **Visualize** about what lies beyond today. Can you see it?

Jeremiah 29:11 For I know the plans I have for you,” declares the LORD, “plans to prosper you and not to harm you, plans to give you hope and a future

Step 4: Have Faith and Assume Sufficiency Not Scarcity

Many fear they will not have enough to live on. This is called The Scarcity Assumption. It is human and natural but it is not Christian.

For our faith teaches us that God will provide sufficiently for all our needs if we but trust in God’s promises. And this is so even when we give away the largest portion or amount that we have ever given!

So we must have faith that a good and gracious God will continue to provide for us in the future as God has in the past. And as God has promised to do!

We are to trust God as did Abraham of old and so many others throughout the pages of the Bible. These examples were written for our instruction and for our assurance. We must learn to give in faith with the assumption of sufficiency, not scarcity. God will provide for God cares for us.
